Tom Dolan has asthma.

He also has a good
 chance in '96, thanks
 to Christmas Seals.[®]

Tom Dolan broke the world's record

for the 400-meter individual medley

despite having asthma, the #1 chronic

lung disease in children under 18.

Through your support of Christmas

Seals,[®] we can help millions of

kids with lung disease. With your

help, anything's possible, even a

Gold at the 1996 Olympic Games!
